May 18, 2007

Manitowoc City Mayor Kevin Crawford recently accepted a check from the Northeastern Wisconsin Great Lakes Sport Fishermen (NEWGLSF) organization in the amount of \$15,484.00 as a donation for the purchase of a new industrial strength fish grinder that has been installed in the fish cleaning facility at the Manitowoc Marina. NEWGLSF has had a great working relationship with the City of Manitowoc with respect to the operation of the fish rearing pond located at Lincoln Park and with the club's hosting its 33rd annual Northeastern Wisconsin Salmon Derby at the Manitowoc Marina site. NEWGLSF has raised and released over 4,200,000 trout and salmon in the Lincoln Park rearing facility, for individuals fishing the waters of Lake Michigan in the Manitowoc/Two Rivers area.
